PARLIAMENT REPLIES

What Steps Taken to Boost Domestic Coking Coal Production?

Mission Coking Coal Gains Momentum

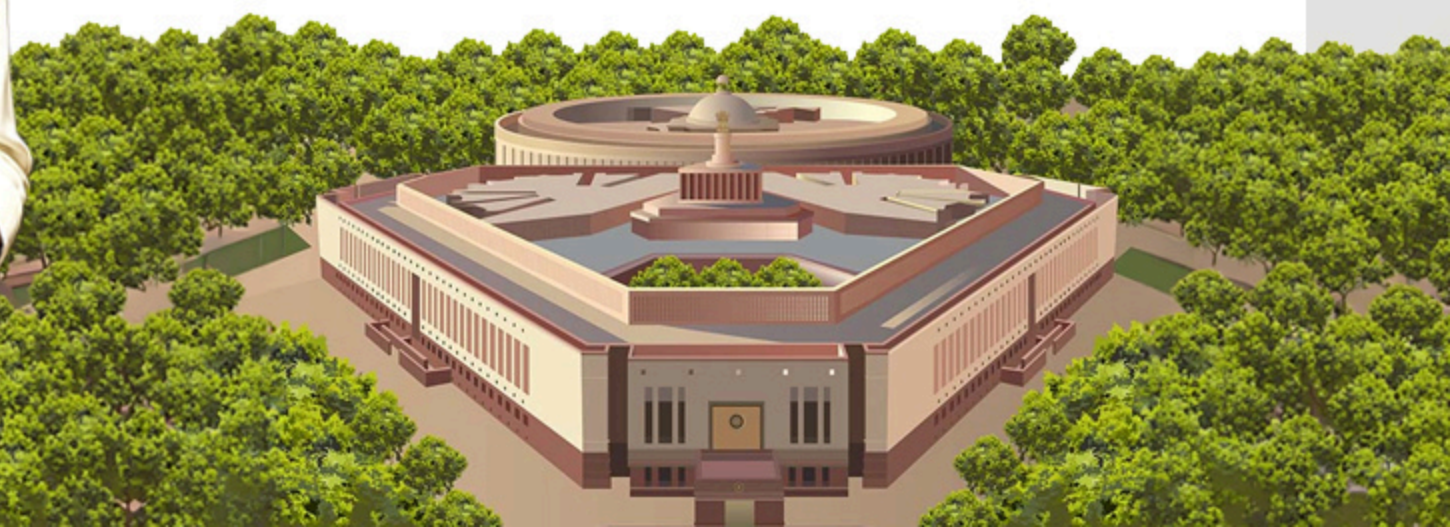

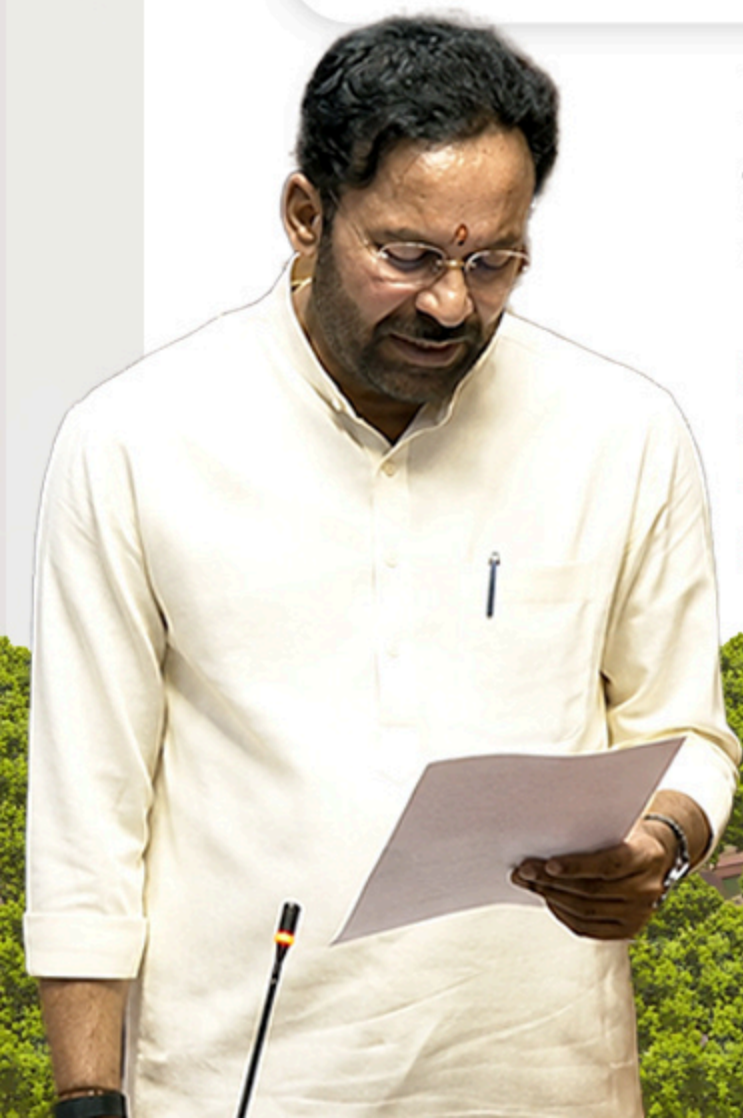

Under the Coking Coal Mission, 2 washeries (7.5 MTPA) have been commissioned since FY 2022, while 7 new washeries (19.5 MTPA) are planned by FY 2030 to enhance domestic coking coal availability.

Reducing Import Dependence

The Government has auctioned 22 coking coal blocks, introduced policy reforms and promoted higher domestic blending in steel production, targeting an increase from 10% to 30% by FY 2030.

In a response in the Lok Sabha, the government highlighted key initiatives to **boost domestic coking coal production & reduce import dependence** for India's steel sector **More!**

PARLIAMENT REPLIES

Has the Govt Introduced an Incentive Scheme to Speed Up Mine Operationalisation?

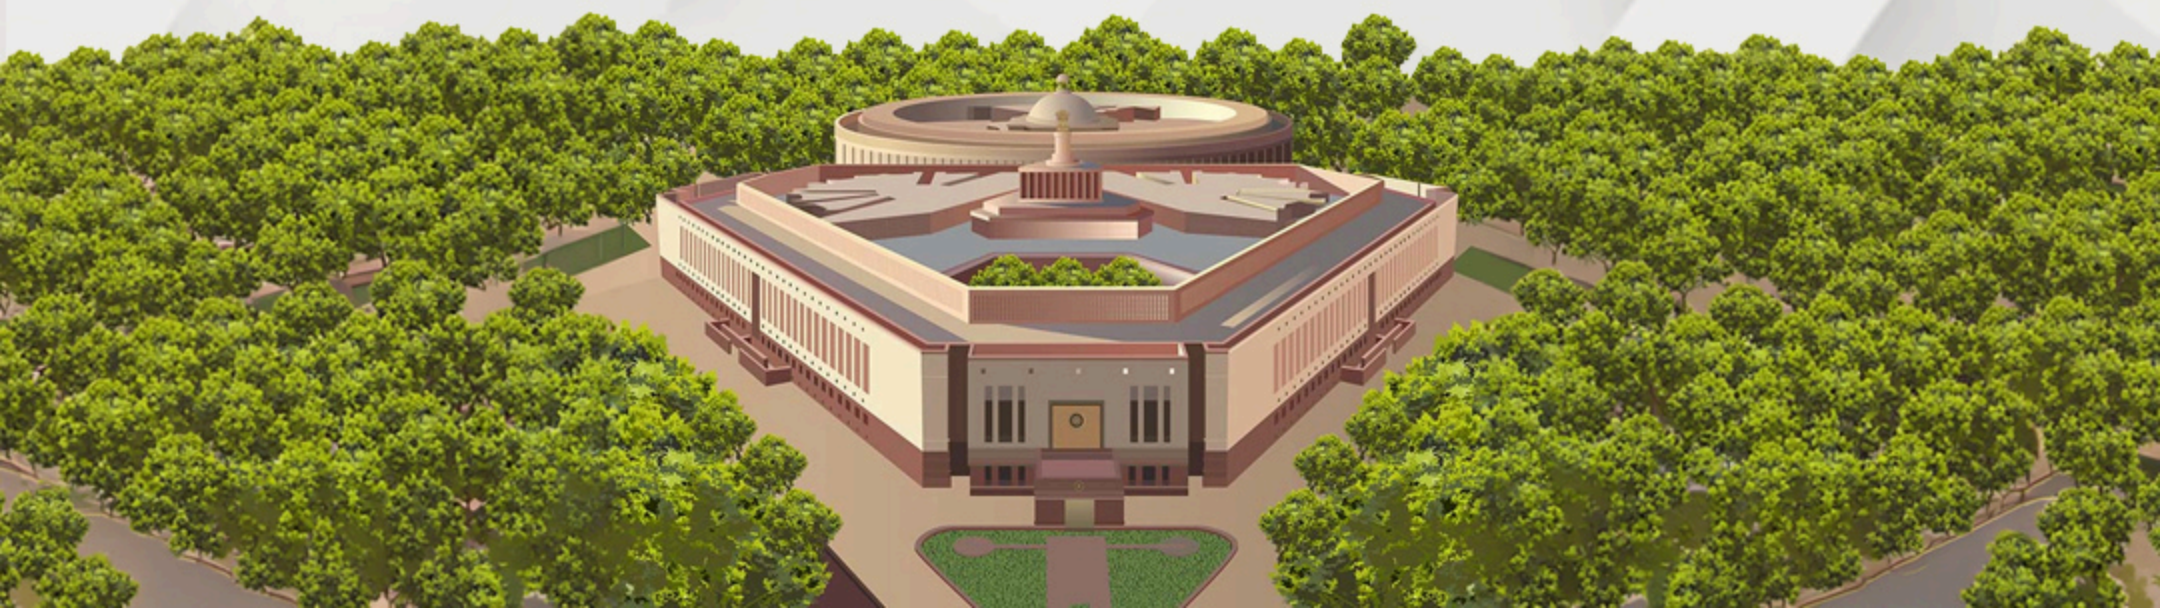

₹5,000 Crore Incentive

An incentive scheme of ₹5,000 crore has been incorporated under **Part-V (Mining Sector Reforms) (SASCI)** for FY 2026–27. It comprises 3 components covering **implementation of mining reforms, mine operationalisation & State Mining Readiness Index-based reforms.**

It incentivises States/UTs to **speed up mine operationalisation & strengthen mining governance**, including faster mineral block auctions, integration with the **Unified Mining Portal** & adoption of technology-based reforms.

In a response in Lok Sabha, the govt highlighted ₹5,000 crore incentive scheme to accelerate mine operationalisation & strengthen mining governance across States & UTs [More!](#)

PARLIAMENT REPLIES

What Progress Has India Made Towards Achieving 100 MT Coal Gasification by 2030?

22.6 MTPA Coal Gasification Capacity

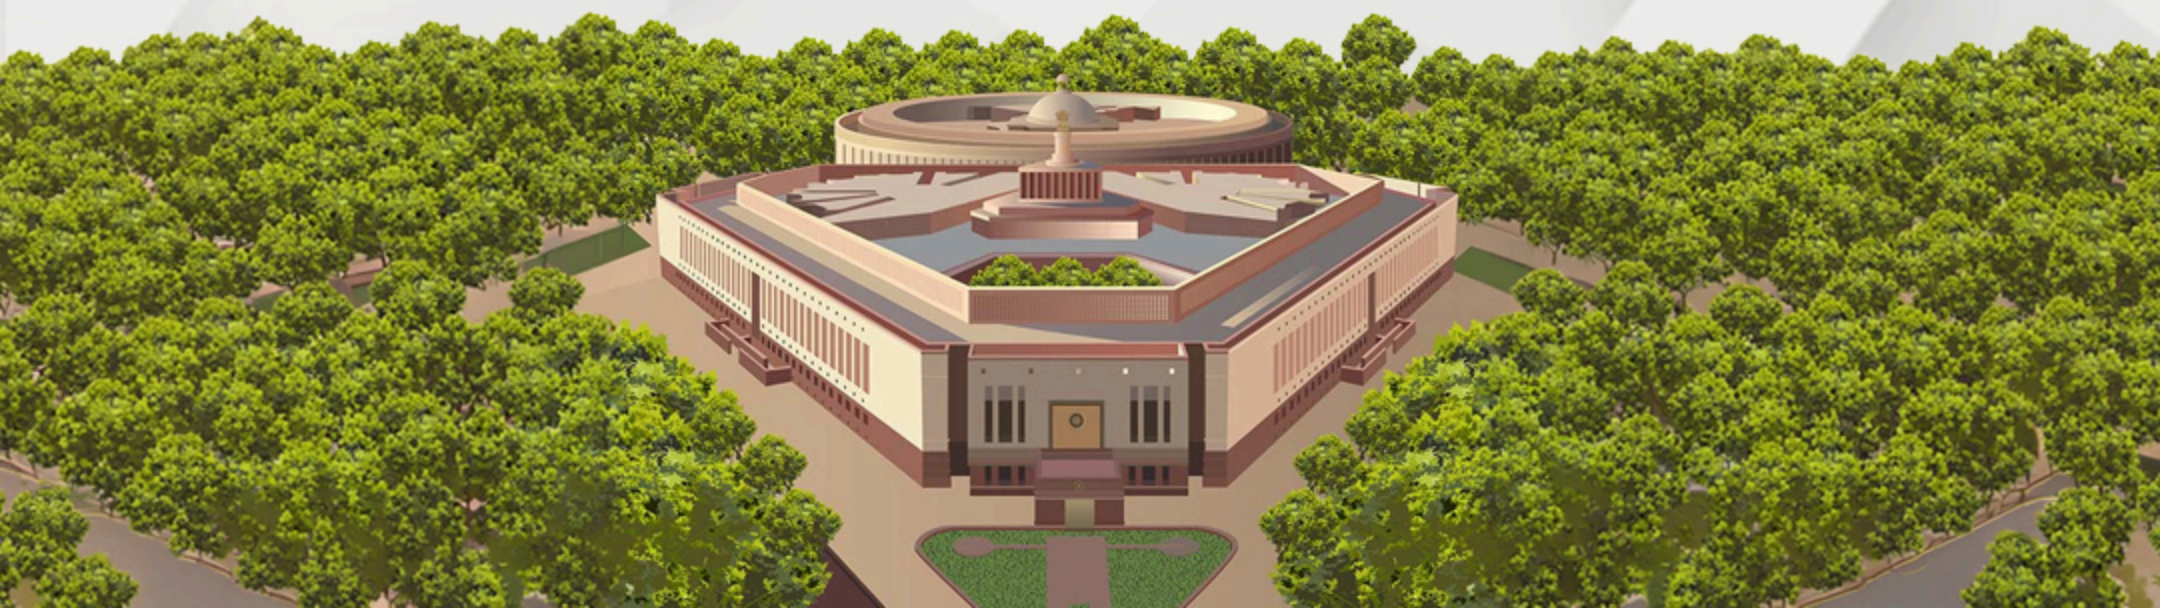

Under National Coal Gasification Mission, **around 22.6 MTPA capacity is operational or under implementation. A new ₹37,500 crore scheme** is expected to utilise nearly 75 MTPA of coal, significantly **advancing the 100 MT target by 2030.**

Boosting Energy Security & Import Substitution

The Govt is supporting coal gasification through financial incentives, long-term coal linkages & policy reforms, including a **50% rebate in revenue share for coal used in gasification.** Once commissioned, coal/lignite gasification is expected to enable import substitution of around ₹1.5 lakh crore annually.

In a response in Rajya Sabha, the govt highlighted India's progress towards 2030's 100 MT coal gasification target, strengthening energy security & reducing import dependence [More!](#)
